**Subject:** AB987 Lead Agency Letter to CARB

Good Morning Chris,

Attached are letters we will need by October 10<sup>th</sup> to file with our application to the California Air Resources Board (CARB). The letters are pretty straight forward and essentially affirms the City's knowledge of our intent to file an application with CARB and that City will assume the role of lead agency as far as enforcement. Not knowing who or how the City delegates signature authority we thought we would send to you for advice. In some City's it's the planning director and in others is the City Manager. Anyway, let us know how best to proceed and if your legal team would like to review/edit with our team the content.

Thanks,  
Gerard
