Subject: RE: Emergency Vehicle Access During Special Events-Request for Meeting

Thanks, based on the discussion of the call, the issue is **really not** Emergency Vehicle Access, it's regular patient access to hospital during event congestion.

Good day Mr. Abdelnaser,

The City of Inglewood is working on street circulation associated with special event traffic for the stadium under construction and other event facilities and we wanted to set up a meeting with you or someone from your office to discuss emergency vehicle access to Centinela Hospital. Please advise on who would be best for us to meet with. I've also copied Lisa Trifiletti, consultant for the City who will be coordinating and facilitating this outreach. Thanks very much, we look forward to working with you.

Respectfully,
