Good day Gordon,

Sorry I was unable to attend but Mindy briefed me. Somehow I missed this particular email. I queried the Mayor and Council on Tuesday after their meeting. They all indicated they wanted a full physical printing of the documents. I explained that it would be large and they all wanted it despite the amount of paper. If, by chance you or Artie speaks with them and convinces them otherwise absolutely does not bother me. Keep me posted on the end result.

Hi Christopher,

As you may recall, I shared with you that I have a standing bi-weekly meeting with the City Manager starting today at 4pm. You're always welcome to join me.

Today in particular, I need to review with him the desire for the each of the Council members to receive a full set of DEIR w/appendices. On the IBEC conference call this morning, the current estimate is about:

- 1,500 pgs. of text, 3 volumes of 3" binders and
- Est. 10,000 pgs. of appendices, in various sizes of pages and would be about 10 to 12 volumes of additional 3" binders.

I had already explored with the City Manager to provide each Council member would receive a complete text, with the appendices on a disk or thumb drive, with a full set of the DEIR w/appendices in the Council office. Also noting that everything will be available on the City website and any specific

If you are unable to join us this afternoon, please let me know if you have some concerns with this approach, given that you spoke directly with Council members in this matter.

Thanks.
Gordon.
