Subject: IBEC - TMOP Assumption re: Traffic Control Officers

Hi Louis,

As a follow up from our still-going call with F&P, what we need from Bob is a map (or a list) showing the minimum amount of intersections (thinking most conservatively) that will be manned by traffic control officers on NFL game days. F&P has not asked for specific staffing numbers, but just the locations for traffic control officers. They are fine with a map of the LASED area with circled intersections, which is probably the easiest format for transmitting this info.

These locations will be characterized as preliminary and subject to change / increase, etc., but we need to provide them with the most conservative estimates.

Thank you,
Julie
