Okay...if you could, please just craft an email to bob for me to put my name on. I'm swamped this morning.

Thanks!

Subject: IBEC - TMOP Assumption re: Traffic Control Officers

Hi Bob,

As another follow-up related to our work with the IBEC EIR team and the info they need regarding TMOP-related input assumptions, could you please help me by putting together a map showing the minimum amount of intersections (i.e. thinking most conservatively) that will be manned by traffic control officers on NFL game days? Fehr & Peers has not asked for specific staffing numbers, just the locations for traffic control officers. They are fine with a map of the LASED area with circled intersections, which is probably the easiest format for transmitting this info.

Thank you,
Louis
