I think we should leave it up to LA County, but another contact would be Marty Amundson of the System Section. This group is responsible for timing and coordination of traffic lights. I wanted to share this in case we want to include him as well.

Hi Peter,

I'm currently working on setting up a meeting with LA County to discuss the project. Could you please provide contacts for representatives who work with the City of Inglewood from LA County?

Because we need to set up these meetings ASAP, it would **be highly appreciated** if you could send the contacts as soon as possible.

Much appreciated,
