

Centinela Hospital
Medical Center

August 21, 2019

City of Inglewood
Economic and Community Development Department
Attn: Mindy Wilcox, Planning Manager
One Manchester Boulevard
Inglewood, CA 90301

Dear Ms. Mindala Wilcox:

Thank you for reaching out through your team to discuss the proposed Inglewood Basketball and Entertainment Center (IBEC). This letter follows up on our discussions regarding the IBEC, and its potential impacts on access to Centinela Hospital. We understand the City of Inglewood is preparing a plan to manage transportation during IBEC events. We also understand that this plan will include a discussion of maintaining emergency access to the IBEC, as well as to the hospital.

We welcome this effort and look forward to working with the City to provide input into this plan. We have a decades-long history of working with the City to address access issues during events at The Forum and Hollywood Park. The plan provides an opportunity to build on this experience. We appreciate that the City and IBEC sponsor have reached out to us, and we look forward to continuing to work with you.

Sincerely,

Mohammad A. Naser, RN, MSN, MBA
Chief Operating Officer / Interim Chief Executive Officer
Centinela Hospital Medical Center
