Subject: Re: IBEC: Flip-Through EIR

Hello, all:

Attached are proposed minor edits to Section 3.2, Air Quality. Please let me know if you would like to discuss.

Thanks,
Dennis

Subject: IBEC: Flip-Through EIR

Team,

The print-ready version of the IBEC Draft EIR is linked below for your review. The zipped folder includes the Summary and Chapters 1 through 7. Appendices are not included. Please keep in mind that the purpose of this review is to 1) identify and correct critical errors or wrong information, 2) identify and correct typographical errors, and 3) fill in blanks. This review is not intended to be an opportunity to wordsmith.

If during your review, you need to make an edit or communicate information to us, please markup the relevant pages and scan and email them to us as you see them. Please do not hang onto sections/edits for hours – we are prepared to make edits to sections immediately.

Over the last week, ESA has been cross-checking the changes that have come in from the team, making sure figures reflect text in the sections, validating table and figure references, ensuring consistent wording and nomenclature throughout the document, refining text where needed, and compiling appendices, among many other QA/QC tasks.

We will also have an all-hands call at 4:30 pm (invite already sent). The purpose of this call will be to communicate material changes/errors to the whole group, resolve any outstanding issues, and generally wrap up our review of the print-ready document.

[IBEC Page Flip 09.11.19.zip](#)

Please let us know if you have any difficulty opening the files.
Thanks,

Christina
