Subject: Public Access Question

Gordon, Mindy:

We are trying to assess our options for the Appendices. One relevant question that has been asked is whether the public would be able to access the document via a computer at City Hall and/or the City libraries. So, if someone shows up at the Planning Department, and asks to review the DEIR, is there a computer available for them to use to review the document, or are they limited to reviewing a hard copy? Same for libraries.

Please let us know ASAP.

Thank you.

Brian
