Good day Shannon,

I truly appreciate the opportunity to speak with you and I want to reiterate my commitment, on behalf of the City of Inglewood, to ensure that we will diligently monitor and certify that all mitigation/commitments for both the AB 987 application and the CEQA EIR (once approved) is followed. When you (and any of your fellow staff) are in the Inglewood area, I would love to give you a tour of the Entertainment District and continue our discussion on how to make this project the standard for all future large-scale developments. I look forward to speaking with you over the next few years as this project moves forward. Happy Thanksgiving and holidays to you and your Family and give my best to your CARB team. Go California...Go Inglewood!

Hi Chris,

It was great talking to you about the IBEC project and discussing the City's findings that the Applicant's commitments for the reduction measures identified in their AB 987 application materials are acceptable. If you have any questions, please feel free to contact me at my phone number or email address below.

Cheers,
shannon
