Subject: Clippers ENA area

Hello John,

The City and the Successor Agency own land in the ENA clippers area. In the ERNA everything in black is omitted, only the areas in color or in white. We own all the area in color, yellow and green. We want to have our property appraised.

The second map, FAA and Agency owned land has all the parcel numbers and addresses for the Agency and City owned land. Your name was given to Royce Jones which is the reason he is asking for you directly.

We are looking at trying to complete the transfer of this property prior to June 30, 2018 which is when the Successor Agency's Oversight Board becomes a County board.

Margarita Cruz
