**Subject:** Inglewood SA / OB Resolution re LRPMP Implementation

Tay and Royce-

When and as appropriate, we may want to have a call in the next month or so to address whether to send the most recent OB resolution to the Department of Finance. Tay just called moments ago and indicated we had discussed this a while back and that it appears appropriate now to revisit that issue.

On related notes, we have not received a PDF of the resolution. I will reach out to staff to get a copy.

If we do not speak, Happy Fourth!

Sincerely,

.....
