Mr. Fields,

Please find additional support for a proposed collaboration that enhances the Inglewood Forward initiative and that of Steve Ballmer <www.ballmergroup.org> & <usaFacts.org>

This follows a message left with Maria at 11:00am this morning.

Ms. Landaverde,

I simply forwarded emails and attachments sent to Tommy Vihn Bui, Associate Librarian at Inglewood Public Library in August 2018

I remain committed to helping the children of Inglewood. and children throughout America, especially in under-valued spaces!

Please confirm receipt of both emails and "all" attachments.

Tommy,

Thank you for taking the BDK Portfolio to Artie Field's office.

His assistant Tashida Johnson has been in contact with me.

I am concerned that you think that the project is in its early stages.

I gave the portfolio for an overview of actions that span decades with R & D invested in Los Angeles since 2002.

My intent is to help young people in Inglewood benefit from the opportunities resulting from the purchase of the LA Clippers by Steve Ballmer and his desire to exploit the area!

Your city has assets that can help the entire nation to move forward!

I will contribute my portfolio to "re-cast" the city through its history!

I will suggest the Lecture Hall and Auditorium of Inglewood High School as spaces to assemble for the event to be "live streamed", nationally!.

Again, I am here to help young people of America and beyond!

Respectfully,

David

David,

I received a call from someone at Artie Fields' office this afternoon. I walked over and dropped off that portfolio you left me along with printing out those attachments and including. Hopefully he gets back to you soon.

Thanks again.

Best,

Tommy

Tommy,

As we continue to observe this nation's decline in the eyes of the world, I submit "If/Then" a musical that starred Idina Menzel at the Pantages Theatre in 2015

The musical explores choice and chance and a world of infinite possibilities!

I felt it prudent to study Inglewood's history and its current population demographics for 2017 and 2018.

Consider for context the following thumbnail sketch.

Total Population: 109,673

Hispanic or Latino: 55,449

Black or African American: 48,164

Some Other Race: 28,860

White: 25,562

Two or More Races : 4,502

Asian: 1,484

American Indian: 751

Three of More Races :495

Native Hawaiian Pacific Islander: 350

Source: US Census Bureau for the years 2010,2011,2012,2013,2014,and 2015

I then studied famous people from Inglewood and found names like;

*Tyra Banks, Brian Wilson, Vicki Lawrence and Paul Pierce of the Boston Celtics, University of Kansas and Inglewood High School, just to name a few!

America needs a history lesson!

We need to "re-construct" and "re-orient" the social science image of so-called minorities, as two thirds of the world's population are people of color!

*Consider: "Black is a color and race is a social construct!"

From: The History of Color;" Black"

Albert Einstein on race and racism states:

Your ancestors dragged these black people from their homes by force; and in the white man's quest for wealth and an easy life they have been ruthlessly suppressed and exploited, degraded into slavery. The modern prejudice against Negroes is the result of the desire to maintain this unworthy condition...I believe that whoever tries to think things through honestly will soon recognize how unworthy and even fatal is the traditional bias against Negroes

-Einstein and Robeson on Witherspoon Street in Princeton, NJ 1946

Source: Einstein On race And Racism by Fred Jerome

Finally, I carefully studied the backgrounds of Mayor James Butts, City Manager Artie Fields and Assemblymember Sydney Kamlager Dove and submit another sample of work already done that can help the youth of Inglewood reach their full potential!

The attachment will lay groundwork for an event to be mounted at your facility and "live streamed".

Please find: ACOP-Rampart Village Revitalization Forum

Respectfully submitted,

David
