The project shall be completed within thirty days of the effective date of this order, unless the lead agency or the applicant, by written agreement, agrees to extend the time for completion of the project. The onus of proving that the project shall be completed on time rests with the lead agency. If the project is not completed on time, the lead agency shall be responsible for any delays in the review process caused by the failure of the applicant to complete the project in a timely manner.

Within fifteen days of the lead agency’s certification of the environmental impact report, the project sponsor shall be required to prepare and file with the lead agency an implementation plan that outlines the measures to be taken to implement the environmental impact report. The implementation plan shall be in the form specified by the lead agency and shall be submitted in electronic format. The implementation plan shall be approved by the lead agency and shall be posted on the Internet site established by the lead agency for the project.

The lead agency shall also provide for the public to inspect the implementation plan and any amendments thereto. The implementation plan shall be made available for public inspection at the time of certification of the environmental impact report. The lead agency shall also make the implementation plan available for public inspection at the time of any amendments thereto. The lead agency shall provide for the public to inspect the implementation plan and any amendments thereto. The implementation plan shall be made available for public inspection at the time of certification of the environmental impact report. The lead agency shall also make the implementation plan available for public inspection at the time of any amendments thereto.
