**Subject:** RE: IBEC: Requested Photosimulation Images update

Thank you Dennis. To be clear, and to clarify my voicemail to you, we need both the existing conditions photos and the photosimulations - each in separate files, if feasible. I know you are working with Steve, which I appreciate.

To recap, we agreed to use the following views:

Sorry - something got messed up on our end and the files were not saved correctly when you previously sent them to us. Thanks for jumping on this and assisting.

Christina

Subject: IBEC: Requested Photosimulation Images update

Hi, Steve,

Just a quick update- I should have the images you requested from AECOM tomorrow and will send them over.

Thanks,  
Dennis
