Subject: RE: Information request regarding Staples Center police response

Afternoon,

My best guess is you contacted me due to my old assignment, Commanding Officer of Central Area, which contains the STAPLE CENTER and the Convention Center. My current assignment is the Commander of our Training Group.

However, the best person to provide you with this information would be Commander Marc Reina. He was also the Commanding Officer of Central Area in his previous assignment. He has strong relationships with the current management team at STAPLES and has access to the deployment needs at special events.

If you would prefer a contact outside the Police Department, please let me know and I will direct you appropriately.

Sincerely,

Commander H. Leslie
Training Group
Los Angeles Police Department

Subject: Information request regarding Staples Center police response

Good morning Captain Howard Leslie and Sergeant Mark Aceves. ESA is currently working on the Draft Environmental Impact Report (EIR) for the Inglewood Basketball and Entertainment Center (IBEC) in the City of Inglewood (jurisdiction of Inglewood Police Department). I was hoping you could provide me some information regarding how the LAPD handles increased response times due to Lakers/Clippers/Kings sporting games and other large events (i.e., concerts/conferences) at Staples Center in downtown Los Angeles. And how much do response times increase due to these large events at Staples Center? I would like to use this information as a comparison for our analysis within the IBEC Draft EIR.

If not, could you point me in the right direction of police staff/personnel who could help me with this inquiry? Thank you.

Brian J. Allee
