Subject: IBEC: Prelim Hydrology report from D&D
Attachments: IBEC Preliminary Hydrology Report 8.23.18.pdf

Hi, Christina,

I'm attaching a preliminary hydrology report from D&D Engineering prepared in August 2018 for the IBEC project site. This includes a pre-development map that appears to show the 25th percentile discharge/flows in CFS at Figure 3. Does this help with the information you needed about the pre-development condition w/r/t the LID report?

Thanks,
Dennis
