Hi Henrik,

We can talk today 1-4 pm or Friday 1-2pm. Please let us know what works for you. If necessary, we can set up a WebEx.

Thanks,  
Christina

Christina

Just left you a voice mail

Please let me know best time and day to talk about Condor stormwater project.

Thank you

Henrik Nazarian, PE

**Subject:** IBEC Stormwater

Chris,

We need some additional information about stormwater existing capacities and project contribution. The goal is to describe the existing stormwater system capacity, baseline conditions stormwater capacity, and explain whether the system can adequately accommodate the project. I have a note about a project hydrology report, but I am unsure exactly what that is referring to. Do your engineers have the data/report to clearly document this information?

Thanks,  
Christina
